

Comments on Docket No. FHWA-2020-0001 National Standards for Traffic Control Devices; the *Manual on Uniform Traffic Control Devices for Streets and Highways*; Revision

Please use this form to provide comments on the Notice of Proposed Amendments for the MUTCD.

INSTRUCTIONS:

1. Add your name or organization name where indicated in the footer of this form.
2. Use Table 1 to provide your original comments.
3. Use Table 2 to indicate your agreement with a comment that another commenter has submitted to the docket.
4. Do not adjust formatting of the rows and columns; text will automatically wrap and expand the row height as you type.
5. To add rows to this form, use the “Insert Rows” function, or hover just outside the left edge of the row below which you would like to add a row and click the encircled “+” that appears.
6. If you choose to provide a letter to accompany this comment form, please **print the document as a PDF**; **please do not scan a hard copy**. This will assist FHWA with cataloging your comments.

TABLE 1. ORIGINAL COMMENTS ON PROPOSED CHANGES. Please indicate the applicable proposed Section numbers in the far-left column. In the next three columns, please indicate your agreement, disagreement, or whether the column is applicable to your response by placing a, “YES,” “NO,” or “N/A” in the appropriate column of the row. If you agree with a proposed change, then there is no need to fill out the additional columns beyond the first two. However, it can be helpful to explain why you agree with a proposed change based on your objective experience as a roadway operator and/or empirical data. If you disagree in part or in whole, then please provide additional information that FHWA may find helpful.

Proposed Section Number(s)	Agree with concept and text as proposed	Agree with concept; suggested rewording of text in Comments	Disagree with concept	Comments <i>Please include justification for your position based on objective experience and empirical data. If there is a specific statement with which you take exception, please provide the Page and Line numbers from the mark-up version of the proposed MUTCD text.</i>

**Comments on Docket No. FHWA-2020-0001 National Standards for Traffic Control Devices;
the *Manual on Uniform Traffic Control Devices for Streets and Highways*; Revision**

TABLE 2. AGREE WITH ANOTHER COMMENTER. If you agree with another commenter, please indicate the commenter with whom you agree with and note any additional information FHWA may find helpful or any exceptions.

Docket Comment Number and/or Commenter Name	Agree with commenter's comments as written	Agree with commenter; with exception(s)	Additional information helpful to FHWA, or exceptions to commenter's comments
FHWA-2020-0001-2430	N/A	Yes, but disagree with attachment file name	<p>In comment https://www.regulations.gov/comment/FHWA-2020-0001-2430, Mr. Michael Jackson, a technical committee member of NCUTCD, submitted comments to the docket. A reading of the document attached to the comment makes it clear that Mr. Jackson is commenting in a personal professional capacity, and not on behalf of the National Committee. However, for some reason the docket entry has labeled this attached file "National Committee on Uniform Traffic Control Devices (NCUTCD) - Comments".</p> <p>The National Committee is taking this opportunity to confirm that Mr. Jackson's document, as it clearly states in its content, represents his viewpoints and not those of NCUTCD as an organization, and to disregard any title or labeling that may have been applied to the document as part of docket processing. The NCUTCD also requests the FHWA ensure in the review of docket comments, and in the restatement of comments in the Final Rule, that this and other comments are accurately ascribed to the correct contributor.</p> <p>NCUTCD encourages FHWA to consider these comments along with others submitted to the docket, and issue the 11th Edition of the MUTCD as soon as practicable, rather than restart the NPA process to perform a major overhaul of the MUTCD.</p>
